Sept. 15, 2008

Dear Sir/ Madam,

RAISE FUNDS WITH NOVA SCOTIA APPLES!

The Nova Scotia Fruit Growers' Association is pleased to offer your school apple and apple related products for your fundraising projects. All of our products are compliant with the **Food and Nutrition Policy for Nova Scotia Public Schools** and are approved for the **Nova Scotia School Fundraising Guide**.

All of the apples and apple products have been produced and/ or packed in Nova Scotia.

Included in this package is a brochure as well as a price list. The order forms are on the back of the brochures to make the program user friendly for your organization.

Please pass this information on to any organization within your school community that may be interested in a healthy approach to fundraising, such as:

- Home and Schools
- School Advisory Councils
- High School and Middle School Student Councils
- Sports Teams
- Wellness Day Coordinators
- Physical Education Directors
- Health Promoting School Committee's
- Band and Choir Parents Associations

Please contact **Helen Arenburg** at **(902) 678-1093** or **harenburg@nsapples.com** for more information.

Thank you and we look forward to working with you.
